

Ayoub Mamri

UI/UX Designer

Summary

- A Designer with experience, I have developed skills in creating effective and engaging user experiences. I am proficient in design tools such as Figma and Adobe XD, Illustrator and Photoshop and have experience in user research techniques. I am passionate about creating aesthetically pleasing and functional designs and staying up-to-date with the latest design trends and best practices.
- A computer repair technician with 2 years of experience, I have developed strong skills in diagnosing and resolving both external and internal computer problems. I am proficient in hardware and software troubleshooting, and have experience in repairing and upgrading computer systems.
- I am also skilled in communicating effectively with team members and clients, and working collaboratively to solve complex problems.
